Appendix A

My-Zone Trees

The following provides a pictorial reference to the species listed in the My-Zone Look-up table. Species are listed in the same order as in the Look-up table, and their scientific (botanical) and common names are provided, as well as the climate zone to which they are best suited.

Attributions for all photos are provided in full in the My Tree Photos Attributions list. The full numbered references relate to the “Ref#” associated with each photo.
