

Connecting or altering your power

Basic connection

Basic connection services are provided on a routine basis and generally at a fixed fee.

Residential
no extension or upgrade

Small business

Small embedded generators

Contact your retailer first

Establish an account with your retailer to ensure your application can proceed

1

Apply online or engage your electrician

Your electrician completes our 'Web form' sapowernetworks.com.au/connections

Expedited connection?

We will automatically assume you want an 'expedited connection' (as soon as possible) and accept our Model Standing Offer

This accepts our standard charges and you will be billed once the work is complete. If you select 'No' you will be provided with a quoted offer.

Yes

No

2

We assess it

We make a technical assessment, where we may contact you for more information or to inspect your property

3

Connect

We will invite your electrician to book an appointment with us to connect your property

Make offer

We contact you with an offer outlining the costs to make your connection
