

Connecting or altering your power

Negotiated connection

Negotiated connection services are generally more complex and more likely to require us to upgrade or extend our network.
A shared network augmentation charge may also apply where the customer's estimated maximum demand exceeds established thresholds.

Connection charge calculation
**Extension Assets + Connection Assets + Other Costs
+ Augmentation charge – Rebate**

For further information on costs refer to SA Power Networks Connection Policy 2020–25

Contact your retailer first

Establish an account with your retailer to ensure your application can proceed

1

Indicative offer

The process is faster for an approximate cost

OR

Firm offer

If you are ready to start this is the process

Apply online or engage your electrician

Your electrician completes our 'Web form'
sapowernetworks.com.au/connections

2

We assess it
