

External Contracting Companies - Contact List

This document provides the contact list of external contracting companies (ie. Designers/ Consultants, Electrical and Civil), which are listed by SA Power Networks, who may be able to undertake a range of services associated with the installation of the electrical infrastructure, but the list does not necessarily reflect all the contracting companies that have suitable accreditation.

Note that the external contracting companies listed are not necessarily on the SA Power Networks approved procurement categorised panel listing.

A customer/landowner is under no obligation to utilise any external contracting company listed in this document. Any external contracting company (including the listed companies in this document), if engaged by a customer/landowner will be under their control and not SA Power Networks.

Any contractual arrangements will be between the external contractor(s) and the customer/landowner. The customer/landowner will be responsible in ensuring that the Works performed by their engaged external contractor(s) shall satisfy all the SA Power Networks requirements including any project specifications. It is the individual design company/contractor's responsibility to ensure that any company engaged have the appropriate skills, licenses, and insurances prior to undertaking design work for any customer/landowner.

Designers/Consultants

Electrical Contractors - (Notes)

- Companies with recognised Works Bonds in place are denoted by the following:
 - R** = Rolling Works Bond or equivalent lodged with SA Power Networks
 - RWB** = Restricted Works Bond lodged with SA Power Networks
- It is the responsibility of the customer to ensure that the construction contractor that is selected has the following:
 - The appropriate contractor's license and the electrical workers are registered under the Plumbers, Gas Fitters and Electricians Act 1995 for various facets of work, ie: Cable Jointing, Cable laying, Cable testing
 - The appropriate Public Risk and Indemnity cover suitable to SA Power Networks
- The SA Power Networks will not process SA Power Networks Certificate of Electrical Compliance if a company cannot provide verification of suitable insurances and licenses:
 - Accreditation is in relation to a contractor's ability to undertake work on SA Power Networks existing / energised asset
