3 DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 These are our terms and conditions

This contract sets out the terms and conditions for the standard connection contract for customers under the National Energy Retail Law and the Rules.

3.2 Does this contract apply to you?

This contract applies to you if your premises are connected to our distribution system, and you do not have another customer connection contract with us for those premises.

3.3 What if I need a new connection?

If you require a new connection or an alteration to your existing connection we will provide you with a connection offer in accordance with the National Electricity Rules. That offer will contain terms and conditions relevant to the connection, which will form additional terms and conditions to this contract if you agree to the connection offer.

3.4 Electricity or gas

Standard connection contracts apply to electricity and gas, but some terms are expressed to apply only to one or the other. Our distribution system is an electricity distribution system.

4 WHAT IS THE TERM OF THIS CONTRACT?

4.1 When does this contract start?

If your premises are connected to our distribution system, this contract starts on the date when you start to take supply of energy at those premises.

4.2 When does this contract end?

- (a) This contract ends:
- (i) if your retailer notifies us that the supply of energy to the premises is to be disconnected (a 'termination notice')—subject to paragraph (b), on a date advised by us, of which we will give you at least 5 but no more than 20 business days notice even if you have vacated the premises earlier; or
 - (ii) if you start receiving supply of energy for the premises under a different customer connection contract—on the date that contract starts; or
 - (iii) if a different customer starts receiving supply of energy for the premises—on the date the connection contract of that customer starts;
 - (iv) if we both agree to a date to end the contract – on the date that is agreed; or
 - (v) 10 business days after we disconnect the premises under the Rules, if you have not within that period asked your retailer to reconnect the premises and met the requirements in the Rules for reconnection.

- (b) If your retailer gives us a termination notice but you do not give safe and unhindered access to your premises to conduct a final meter reading (where relevant), this contract will not end under paragraph (a)(i) until a final meter reading is carried out.
- (c) Rights and obligations accrued before the end of this contract continue despite the end of this contract.

5 SCOPE OF THIS CONTRACT

5.1 What is covered by this contract?

- (a) Under this contract we agree to provide customer connection services at the premises. We also agree to meet other obligations set out in this contract and to comply with the energy laws.
- (b) Charges for customer connection services will be billed under your contract with your retailer.

5.2 Sale of energy not covered by this contract

This contract does not cover the sale of energy to your premises. This is the role of your retailer.

5.3 Services and your connection point

- (a) We must provide, install and maintain equipment for the provision of customer connection services at your premises safely and in accordance with the energy laws.
- (b) Our obligations extend up to the connection point where energy is to be supplied to the premises (as defined by us) and not beyond.

5.4 Guaranteed service levels

- (a) If you are a small customer, we are required under the laws of South Australia to meet certain guaranteed service levels. These requirements are set out in paragraphs (c) to (g) below, but are subject to the qualification in paragraph (g). If we do not meet a relevant guaranteed service level and you are entitled to a payment under those laws, we will make a payment to you in accordance with the relevant laws.
- (b) Nothing in this contract limits our obligations to make payments in accordance with the applicable GSL scheme.
- (c) Connection of a new supply address

If we do not connect your new premises on the date agreed with you or where no date has been agreed within 6 business days after you meet the necessary pre-conditions, we will pay you \$65 (including GST) for each day we are late, up to a maximum of \$325 (including GST).

- (ii) our liability to pay you \$25 (including GST) for each period (5 or 10 business days as outlined above) in which a faulty street light is not repaired relates only to the first 40 faulty street light reports you make on that day (including deemed reports).
- (e) Minimise frequency and duration of supply interruptions

We will do our best to minimise the frequency and duration of supply interruptions to your premises. We will make payments to you in accordance with the following tables if the total number of interruptions and/or the total duration of all interruptions across a regulatory year of any single interruption exceed the thresholds as set out in the same tables,
